In order to make full use of the Hotel De L'Europe BV Websites, your computer, tablet or mobile phone will need to accept cookies. We feel that it is important that you know what cookies our Website uses and for what purposes. This will help to protect your privacy, while at the same time providing you with the best online experience.

Hotel De L'Europe BV aims to make your online experience and interaction as informative and relevant as possible. We use cookies or similar techniques to achieve this. Please note that **by continuing to use our Website, you are agreeing to our using of cookies in the manner set out in this Cookie Policy. We therefore feel it is important that you read the Cookie Policy carefully, so that you know what cookies our Website uses and for what purposes.** If you do not wish to accept cookies in connection with your use of this Website, you may choose to turn off your cookies (see paragraph 4 below for how to do this) - but this may affect the functionality of the Website.

### 1. What is a cookie?

When visiting, the Website will make use of so-called "cookies". Cookies are small text files containing small amounts of information which are downloaded and may be stored on your user device e.g. your computer (or other internet enabled devices, such as a smartphone or tablet). At Hotel De L'Europe BV we may use similar techniques, such as pixels, web beacons and device fingerprints. For the sake of consistency, all these techniques combined will be hereafter referred to as 'cookies'.

This Cookie Policy provides you with information about the cookies we use and why. Our Privacy Policy sets out full details of the other information we may collect and how we may use your personal information.

### 2. Cookies used on the website

Hotel De L'Europe BV uses several different types of cookies. Some of these are session cookies which are temporary and allow us to link your actions during a browser session. Session cookies are erased when you close the browser. Other cookies are persistent cookies which remain on your device for the period of time specified in the cookie. The Website uses cookies for the following purposes:

#### 2.1 Required cookies

Required cookies are essential and help you navigate the Website. They enhance the user friendliness of the Website for visitors. These cookies make sure that your basket is saved during all the steps of your checkout process. These cookies also help to support website security and basic functionality.

#### 2.2 Performance cookies

Performance cookies help us to understand the behaviour of our visitors and the usage of the Website in an aggregated manner. For instance, we can use these cookies to gain insight into how our visitors use our Website. This means we can find out what works and what doesn't, it allows us to continuously improve the Website, and measure how effective our advertising and communication is.

We also use [Google Analytics](#) cookies to obtain an overall view of visitor habits and visitor volumes, and to help improve the overall experience on our website. You may refuse the use of cookies by selecting the appropriate settings on your browser as described above. Furthermore you can prevent Google's collection and use of data (cookies and IP address) by downloading and installing the browser plug-in available under <https://tools.google.com/dlpage/gaoptout?hl=en-GB#>. ### 2.3 Communication cookies

The Website allows cookies of third-party social networks (e.g. Facebook, YouTube, Twitter, LinkedIn). These third parties may use cookies for their own purposes. Hotel De L'Europe BV has no influence over how these social media networks make use of your data. For more information regarding the cookies set by the social media networks please refer to their own Privacy and Cookie policies.

### 2.4 Advertising cookies

Advertising cookies will remember your product and page preferences and in general that you visited the Website. We strive to provide you with advertisements relevant to you and your interests on other online platforms, where available on the basis of your visits and surfing behaviour on our Website and other third-party websites. Based on these interests, we may develop a segmented profile and then adapt the content and the advertisements on our website for various groups of customers.

Third parties that set cookies via our website may also try to find out what your interests are in this way, and this information may also be used to present you with content or advertisements that appear more likely to be of interest to you on other, non-Hotel De L'Europe BV websites. In this case, the information about your current website visit may be combined with information from previous visits to websites other than ours.

These advertising cookies are also used to limit the number of times you see an advertisement as well as help measure the effectiveness of advertisements.

Even if these advertising cookies are not used, please note that you may still see Hotel De L'Europe BV ads on other websites. These ads will not be based on your interest, but they can be modified according to the content of the website you are visiting. You can compare this type of content-related Internet advertisements with advertising on television. If, say, you are watching a cookery programme on TV, you will often see an advertisement about cooking products during the advert breaks while this programme is on.
