Marie Veronique Organics

80 minutes - €180

This exclusive ritual will completely change your perception of skin care. Deep cleansing will first free your skin of all impurities, ensuring powerful plant-based antioxidants and other nourishing organic ingredients used in this treatment can then deliver the ultimate skin care experience. Our tailored techniques leave your skin intensely hydrated, youthful and radiant.

Susanne Kaufmann Anti-Aging treatment

80 minutes - €180

It strengthens the skin using the Susanne Kaufmann Line A. This line is based on a sophisticated combination of active substances such as pure bio- flavonoid with antioxidant properties, ecotin (ensures cell regeneration) and white lupin extract (promotes collagen production). During this facial, an ultrasound system is used that allows the ingredients to penetrate deeper into the skin. After the treatment, the skin looks firmer and the appearance of fine lines is also reduced.
